

SERTAN VXM

VEGETABLE EXTRACT

Specifications:

Chemical composition: Vegetable extract.

Appearance: Solid in powder.

Color: Greenish brown.

pH: 4,5±0,5

General Properties of product family:

Pre-tanning, tanning, re-tanning.

Excellent tanning, retanning and filling power in all parts of the leather, getting the maximum uniformity.

Depending on the selected product and the used quantity, ± compact, ± full or ± hard leather will be obtained.

Suitable for all kind of articles when we require full, compact, round, smooth leathers. They consolidate the fibre structure, and give a tighter and smoother grain, good filling.

Better response to dyeing, improving the intensity and evenness of dyes.

All products in the range are completely soluble in hard water at 40-45°C.

All products in the range are 100% natural, formaldehyde free (0%) and 100% biodegradable.

Product properties:

Chestnut substitute. Special extract for waterproofing articles.

Guidance dosages:

Tanning (% on pickle weight): 5-45%

Retanning (% on shaved weight): 4-25%
